The Department of Pediatrics No. 2 was created in 1974 on the basis of the children's department of the Regional Clinical Hospital named after Professor S.V. Ochapovsky and was headed by Professor Tatyana Petrovna Gryaznova, who managed to organize educational and methodological work at the department in a short time, expand and improve the diagnostic and treatment base. The main educational direction of the department was the teaching of inpatient sections of pediatrics for students of the pediatric faculty.

In 1982, during the formation of the Children's Regional Clinical Hospital, the Department of Pediatrics No. 2 took an active part in the formation of this medical base. Many doctors and heads of departments of the Children's Clinical Hospital and other medical institutions of the city and region completed clinical internship and residency at the Department of Pediatrics No. 2.

From 1992 to 2012, the department was headed by Doctor of Medical Sciences, Professor Sergei Aleksandrovich Shadrin.

From September 1, 2011, in order to optimize the educational process, ensure a unified methodological approach to teaching, introduce modern technologies into the treatment and diagnostic process and determine the general scientific direction in the main discipline, the Department of Pediatrics No. 2 was merged with the Department of "Childhood Diseases" of the medical faculty and renamed the Department of Hospital Pediatrics.

The history of the Department of Childhood Diseases is rooted in the origins of the formation of the Kuban Medical Institute. The first head of the department was the famous Russian pediatrician Georgy Nesterovich Speransky, who, together with the famous Russian pathologist N.F. Melnikov-Razvedenkov took an active part in organizing the medical faculty of Kuban University and headed the department of "Childhood diseases" from 1920 to 1921.

Subsequently, the department of "Childhood diseases" was headed by:

Rozanov Petr Andreevich, private associate professor, professor from 1921 to 1928., Vorobyov Vladimir Nikolaevich, professor, 1928-1937, Zhadkevich Evgeniy Mikhailovich, professor, 1937-1938, Moderatov Petr Semenovich, professor, 1938-1944, Budarin Pavel Ivanovich, professor-therapist, 1944-1945., Stuks Gerbekrt Germanovich, professor, 1945-1946, Bulycheva Maria Ivanovna – assistant, acting. 1946-1947, Davydov Petr Dmitrievich, professor, 1947-1952, Bulycheva Maria Ivanovna – assistant, acting 1952-1953, Shirokov Sergey Filatovich, professor, 1953-1974, Bzhasso Kerim Indrisovich, Honored Scientist of Kuban and Honored Doctor of Adygea, professor, 1974-1997, Soboleva Natalya Gennadievna, associate professor, 1997-2009., Potyagailo E.G., professor, 2009-2011

Since November 2012, the Department of Hospital Pediatrics was headed by Doctor of Medical Sciences Alla Vladimirovna Burlutskaya, a member of the council for defending a dissertation for the degree of Candidate of Sciences, Doctor of Sciences 21.2.014.01 FSBEI HE Kuban State Medical University of the Ministry of Health of Russia; member of the editorial board of "Doctor and Pharmacy", the international journal "Reviews in Cardiovascular Medicine"; member of the expert council of Disaster Medicine of the Ministry of Health of the Russian Federation; Deputy Chairman of the regional branch of the public organization "Union of Pediatricians of Russia" in the Krasnodar Territory, member of the Union of Pediatricians of Russia; Member of the Association of Pediatric Cardiology and Rheumatology of Russia; member of the commission of the Central Accreditation Center branch in the Southern Federal District of the Ministry of Health for Pediatrics, Honored Doctor of Russia, Honored Health Worker of Kuban, doctor of the highest category.

In accordance with the Federal State Educational Standard of Higher Education, from September 1, 2014, the Department of Hospital Pediatrics was renamed the Department of Pediatrics No. 2.

The main educational direction of the Department of Pediatrics No. 2, as was laid down at its founding, is the teaching of clinical sections of pediatrics for students of 4,5,6 years pediatric faculty, and for 4th and 5th year students of the medical faculty, pediatrics is taught with a course of childhood infections.

Currently, the department is located on the basis of leading clinical hospitals in the city of Krasnodar, which allows for not only meaningful clinical practical training with students, but also comprehensive training of pediatric specialists in the residency program.

Currently, the Department of Pediatrics No. 2 has powerful scientific and pedagogical potential, which allows employees to successfully solve both the issues of training students and residents, as well as the problems of clinical science and

practice.
